## Music for the Radio

Ray

---

### Verse 1:

Synth only

**C#m** **E**  
Turn it up, turn it out  
**A**  
Turn it over in my head  
**C#m** **E**  
I've been listening to this song  
**A** **C#m**  
But maybe you, maybe I  
**E**  
Should be singing it instead  
**C#m** **A** **F#m**  
Maybe hidden in our silence is ignorance

---

### Pre-Chorus:

Electric in with ethereal swells

**A** **B** **C#m**  
And I - - - can't escape it

No I - - - cannot make it go away
